Volkswagen Westfalia Camperobile.

An ideal way to see Europe, no more trouble finding hotels as your hotel travels with you. The campmobile can sleep 3 adults and 1 child. You sleep as though you were in your own bedroom, and it does not matter what time you go to bed as your bed is always ready. Drive into any campsite and within minutes your camper is your home. Cook your favourite meal on the stove, wash your dishes in the sink provided and the evening is yours. You can leave the tent standing to secure your camping place, and use the camper as an ordinary family car to drive into town and see the sights. When you arrive back, drive the camper alongside the tent. Lift the pop-up top and go to bed. The double bed pulls out in seconds and the cots in the pop-up top and over the driving area are just as easy to fit up. There is no baggage to unpack everytime you stop as the camper has plenty of linen cupboards. Unpack your bags on the first day and have all your things on hand at all times. There is also a wardrobe with full length mirror to hang your suits and dresses. The camper has a four speed standard gear box.

Driver's licence.

Your domestic licence is valid in most European countries, an International licence is needed for Greece and Spain. The minimum age for drivers of the Westfalia and Ames Campmobiles is 18 years. For the Dynavan the minimum age is 23 years.
